

Future funding for local environment groups

Your answers will help us inform a new funding organization please send back by 30th September.

1. Name of your group
2. A contact name and email address
3. Average number of group members
4. Approx age range of those involved in your group (whether members, or not)
5. How well established is your group? Do you have a bank account and formal structure?
6. Your parish (or site if more applicable)
7. Grid ref for your site/s of conservation management
8. Size of the area/s you are managing (either hectares or acres)

9. Type/s of habitat management/creation you are involved in (eg, woodland, wetland, grassland, hedgerow). A short description would be helpful but no need for great detail

10. Are you managing a site/s of priority BAP habitat?

11. What project/s are you planning over the next five years?

12. What funding do you think you will need for your project?

13. Do you also require other support, e.g. advice, toolkits, best practice guidelines, biodiversity information, networking (please list)

14. As an estimate, how many people would you say benefit from your project(s)?
15. Are your group's activities communicated to a wider audience, such as via local newsletters, etc.?
16. If yes to the above, roughly what sort of numbers would you estimate will hear about the work of your group?
17. Is there interest in your community in Renewable Resources project(s)? If so, please indicate what sort, e.g. biomass, solar energy, waste minimization, etc.
18. If yes to the above, what sort of support would be useful?

Please return to cynth@oncf.org.uk or Cynth Napper, ONCF, Manor House, Little Wittenham OX14 4RA

ONCF will hold this information and share it with other interested parties ie Trust for Oxfordshire's Environment unless you specify otherwise.
